

Curriculum Map

Summer Term 2019

Year: 1

Teacher: Miss Yeoman

Class Text:

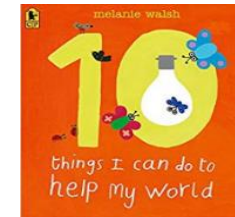

This term, we will make memories by....

- Watching the weather forecast
- We will have a beach day at school. We will play with sand and water, dress up in our summer clothes, play beach volley ball, design summer outfits, learn how to be safe in the sun etc
- We will make weather vanes
- We will sing songs about the weather.

English

Over the course of this term we will be looking closely at the following text: 'Lila and the Rain.' We will develop our own ideas to write stories based on this. As we progress into next term we will look at different poems and write our own poems about the weather. To finish off the year we will look at the book '10 Things I can do to help the world' and we will write information and instructions. We will also be working really hard to develop our phonic and handwriting skills. Whilst continuing to develop our spelling and grammar skills.

Mathematics

We will be consolidating our knowledge in Year 1 by learning about:

- Numbers to 100
- Addition and subtraction
- Numbers to 40
- Number bonds
- Shape and pattern
- Length and height
- Multiplication and division
- Money
- Time
- Fractions
- Capacity and mass

A large part of our daily maths work will be Arithmetic. We will continue to work on our counting in 1's, 2's, 5's and 10's, number bonds to 20 e.g. $18 + 2 = 20$ and reading and writing our numbers to 20. As well as consolidating our knowledge of the various subjects listed above.

The Firbeck Curriculum will:

- F** – Make learning FUN.
- I** – Develop INDEPENDENCE.
- R** – Put positive RELATIONSHIPS at the centre of all we do.
- B** – Make children BOLD and BRAVE, able and willing to take risks.
- E** – Develop ENQUIREY and the thirst for learning new things.
- C** – Develop children who appreciate and value their own and others' CULTURES.
- K** – Provide KNOWLEDGE, empowering children to be anything they dream of being.

Topic

In Geography we will learn about seasonal and daily weather patterns in the UK. We will find out how different weather affects us. We will look at some of the adverse weather conditions we have in the UK. We will create and carry out a survey about weather.

STEM

We will be learning to identify, name different weather types and investigate how different weather effects plants.
In computing we will be developing our coding skills
In Art we will look at artists that have depicted weather in their work and use this to inspire our own work on weather.
In DT we will make weather vanes

Well-being:

We will learn about looking after ourselves and our teeth, being safe in the sun and near water.

In RE, we will be learning about Christianity and stories from the old testament.

OUR FINAL DESTINATION:

We hope that you can join us on:
Thursday 11th July
We will be holding our very own Wonderful Weather Day!
This will also be an opportunity to share all of our super learning with you.

Fortunately, due to obtaining funding we are going on a trip to 'Dudley Zoo' on 9th July. We will be having a workshop entitled 'Ice Worlds' the children will learn how animals survive in cold climates.
